

MOTION BY MAYOR MICHAEL D. ANTONOVICH

MAY 2, 2006

**LYME DISEASE AWARENESS AND PREVENTION MONTH**

Lyme Disease is a common tick-borne and vector-borne disease in the United States. Lyme Disease has been a nationally recognized condition since 1982, and over 125,000 human cases have been identified nationwide, making Lyme Disease the most frequently reported vector-borne disease.

**I, THEREFORE, MOVE** that the Board of Supervisors proclaims the month of May 2006 as “Lyme Disease Awareness and Prevention Month”, throughout Los Angeles County, to increase awareness of this disease.
